The P400 is an eco-friendly, safe, quiet, lightweight yet powerful mobile energy generator to go places wherever your adventure takes you. It is a perfect companion for charging a variety of electronics such as smartphones, camera, tablets, drones, laptops, power tools and a host of other recreational equipment.

With its solar-ready design, it allows you to go further and serves as a reliable energy source in case of power emergency.

With a max 400Wh battery capacity, the P400 offers rich output interfaces, it provides dual AC outlets that output continuous 300W and peak 600W for laptop, mini fridge, TV and power tools. DC output features fast-charging 5V/3A port and type-C ports, 12V cigarette lighter.

With built-in BMS (battery management system), it enables full protection for over-current, over-voltage and over-heating issue; a bright, smart digital LCD screen features different power settings and gives full information on battery consumption, charge and discharge status.

BATTERY	Battery Capacity	400Wh
	Cell Type	Lithium - ion 18650
CHARGE	AC Adapter Charger (90W)	5~6 hours
	Solar Panel (Optional)	4~7 hours (125W max.)
	DC Car Charger	48W 10~11 hours
AC OUTPUT	Rated Output Power	300W
	Peak Output Power	600W
	Output Voltage	100V/110V/120V/220V/230V/240Vac
DC OUTPUT	Output Frequency	50/60Hz auto - sensing
	USB Type - A x 3	5V/3A
	USB Type - C	5V/9V/12V 18W max.
	12V DC 7909 Port	12V/10A
GENERAL	12V DC 5521 Port	12V/5A
	Charge	0°C ~ +40°C
	Discharge	-10°C ~ +40°C
	Product Dimensions	234*280*149mm 9.2*11*5.8 inches
	Net Weight	5.6 kg 12.3 lbs
