

750Wh high capacity

Completely silent, no buzz,
noise-free

Long lifespan lithium-ion
18650 battery

Multiple output ports for every
day electronics charging

ROHS
COMPLIANT

Packed with 750Wh power, this safe, noise-free and eco-friendly power station takes your adventure further, provides you a portable and sustainable green power for activities such as camping, outdoor photography, work, expedition, search and rescue.

With its solar-ready design, it allows you to go further and serves as a reliable energy source in case of power emergency.

P750 offers rich output interfaces, the AC output interface provides power for mini bars, fans, projectors, computers and other equipment power supply; while USB Type-A and Type-C for mobile charging, 12V output interface for LEDs. It supports a variety of charging methods, AC mains charge, optional solar panel charge and car charger charge.

With built-in BMS (battery management system), it enables full protection for over-current, over-voltage and over-heating issue; a bright, smart digital LCD screen features different power settings and gives full information on battery consumption, charge and discharge status.

BATTERY	Battery Capacity	748.8Wh
	Cell Type	Lithium-ion 18650
CHARGE	AC Adapter Charger (67W)	10 hours
	Solar Panel (Optional)	8 ~ 15 hours
	DC Car Charger	26 hours
AC OUTPUT	Peak Output Power	300W
	Output Voltage	100V/110V/120V/220V/230V/240Vac
	Output Frequency	50/60Hz auto-sensing
DC OUTPUT	USB Type-A x 3	5V/2A
	USB Type-C x 2	3.6V~20V/3A
	12V DC 6mm Port x 2	12V/2A
	12V Cigarette Lighter x 1	11.2~16.8V/0~30A
GENERAL	Charge	0°C ~ +40°C
	Discharge	-10°C ~ +55°C
	Product Dimensions	300*233*170mm 11.8*6.7*9.2 inches
	Net Weight	7.44 kg 16.4 lbs
